

## WAYS TO CONSISTENTLY DONATE

**BILL PAY:** This happens directly from your bank checking account. This is a free service most banks offer. You get to determine the date to send and the amount to send. This is set up as a reoccurring transaction for as long as you want.

### **The benefits:**

- it is done automatically, and you don't have to think about it
- the bank pays for the check and postage – no cost to you
- no bank fees assessed to the church
- you are financially supporting the ongoing of the ministry whether you are in person, online or not available on a Sunday

**CONSISTENT GIVING SIGN UP:** This is done by filling out a Consistent Giving form supplied by the ministry. By completing this form, you are providing us with your credit card information as well as the amount and frequency of the payment.

### **The benefits:**

- it is done automatically, and you don't have to think about it until your credit card date expires
- if your credit card acquires points or dollars this is adds up over time
- you are financially supporting the ongoing of the ministry whether you are in person, online or not available on a Sunday

### **A drawback to the ministry:**

- credit card fees are applied that the ministry absorbs... example: \$100 and the fee is \$3.38

## **MAIL IN OR INPERSON GIVING**

### **The benefits:**

- you use check or cash

### **A draw back to the ministry:**

- you are not always there because of vacation, inclement weather and other interests therefore the ministry doesn't receive your donation
